Last Updated Sunday, 04 June 2006

I will be working hard to get a lot of pics added to the gallery. We have a ton of video footage I need to go through to capture stills from and it's going to take time. After this first update I will start with the most recent footage and pictures and work my way back through the backlog. I'll be posting the footage from our first outing with Matt and Ron at the Jubilee in Shelby from 2005 Hollween today.
